

Colts Neck Township School District's

2009-2010 Board Goals

Goal 1: Continued focus on student achievement through systematic feedback on the instructional programs

Action Plans:

- receive data based updates on the instructional programs throughout the year
- encourage presentations from students/staff on successful instructional programs
- distribute and analyze questionnaires on the effectiveness of the instructional programs

Goal 2: Develop a long-term negotiations strategy for the district

Action Plans:

- analyze and implement changes in health benefits for cost containment
- analyze district-wide personnel needs
- review and restructure salary guides to better suit district needs

Goal 3: Enhance communications among all members of the community

Action Plans:

- provide stakeholders the opportunity to have meaningful input into the educational process and decisions
- increase the methods and frequency of communication
- gather and share information about the direction of public education
