October 12, 2021

Dear Colts Neck Parent / Guardian,

We are providing this notification consistent with the district's *Safe Return Plan*.

The district has received notice of two individuals who have tested positive for COVID. One case is at Conover Road Elementary School and has no school-related close contacts. The other case is at Conover Road Primary School with school-related close contacts. All school-related close contacts associated with the case at Conover Road Primary School were notified and must quarantine at home in accordance with the current New Jersey Department of Health's quarantine timeframe for close contacts. Both cases are currently under investigation by county and local health officials. Individual privacy and confidentiality restrictions prevent us from sharing specific details about this individual.

The Centers for Disease Control and Prevention (CDC) defines a close contact as an individual who is within 6 feet of someone with suspected or known COVID-19 for 15 or more minutes during a 24-hour period. In certain situations, it may be difficult to determine whether individuals have met this criterion and an entire cohort, classroom, or other groups may need to be considered exposed. **EXCEPTION** (updated August 2021): In the K-12 indoor classroom setting, the close contact definition excludes students who were within 3 to 6 feet of an infected student (laboratory-confirmed or a clinically compatible illness) where both the infected student and the exposed student(s) correctly and consistently wore well-fitting masks the entire time. This exception does not apply to teachers, staff, or other adults in the indoor classroom setting.

Here is the COVID-19 Weekly Activity Level Report for the week ending October 2, 2021: <https://www.nj.gov/health/cd/statistics/covid/>. The district's *Safe Return Plan* was designed with the anticipation that cases could sporadically arise. The district's *Safe Return Plan*, along with additional information related to COVID-19, can be accessed on the district's website, <https://www.coltsneckschools.org/>, under the "COVID Information" tab.

To minimize the impact of COVID upon our school community, we remain committed to implementing our protocols and following recommendations from the Centers for Disease Control and Prevention and New Jersey Department of Health.

Educationally yours,
Dr. MaryJane Garibay, Superintendent of Schools
