

Welcome to the 2017 Colts Neck Summer Enrichment Academy Program

It is with great pride and excitement that the school district presents its first series of Summer Enrichment Academies. The menu of courses is not as extensive as will be in the future, but the choices offered afford fun and enriching learning activities, sure to motivate and inspire the participants. There are a limited number of students per program. They will be chosen on a "first come, first served" acceptance.

Below are the descriptions of each academy and the particulars regarding the schedule and master teachers of the content. Site locations have not yet been determined.

Courses are offered Monday through Thursday, for two hours.
NO CLASSES WILL RUN ON FRIDAY.

A minimum of 5 students are required to run the summer course.

These themes will invite your child to flex their creativity muscles and engage in cooperative play as we imagine, discover, create and dive head first into child centered dramatic play scenarios. Think of this as an epic playdate with no mess left behind for you to clean up. It will include a complete sensory experience-- good old messy fun! We will blur the lines of classroom walls and engage in both indoor and outdoor fun. I am leaving room for your child to invest their ideas into the program. Other possibilities include a Carnival, Veterinarian Office, Airline Adventure, Jungle Cruise. We are only limited by our imaginations. Indulge your child's sense of wonder and climb aboard.
